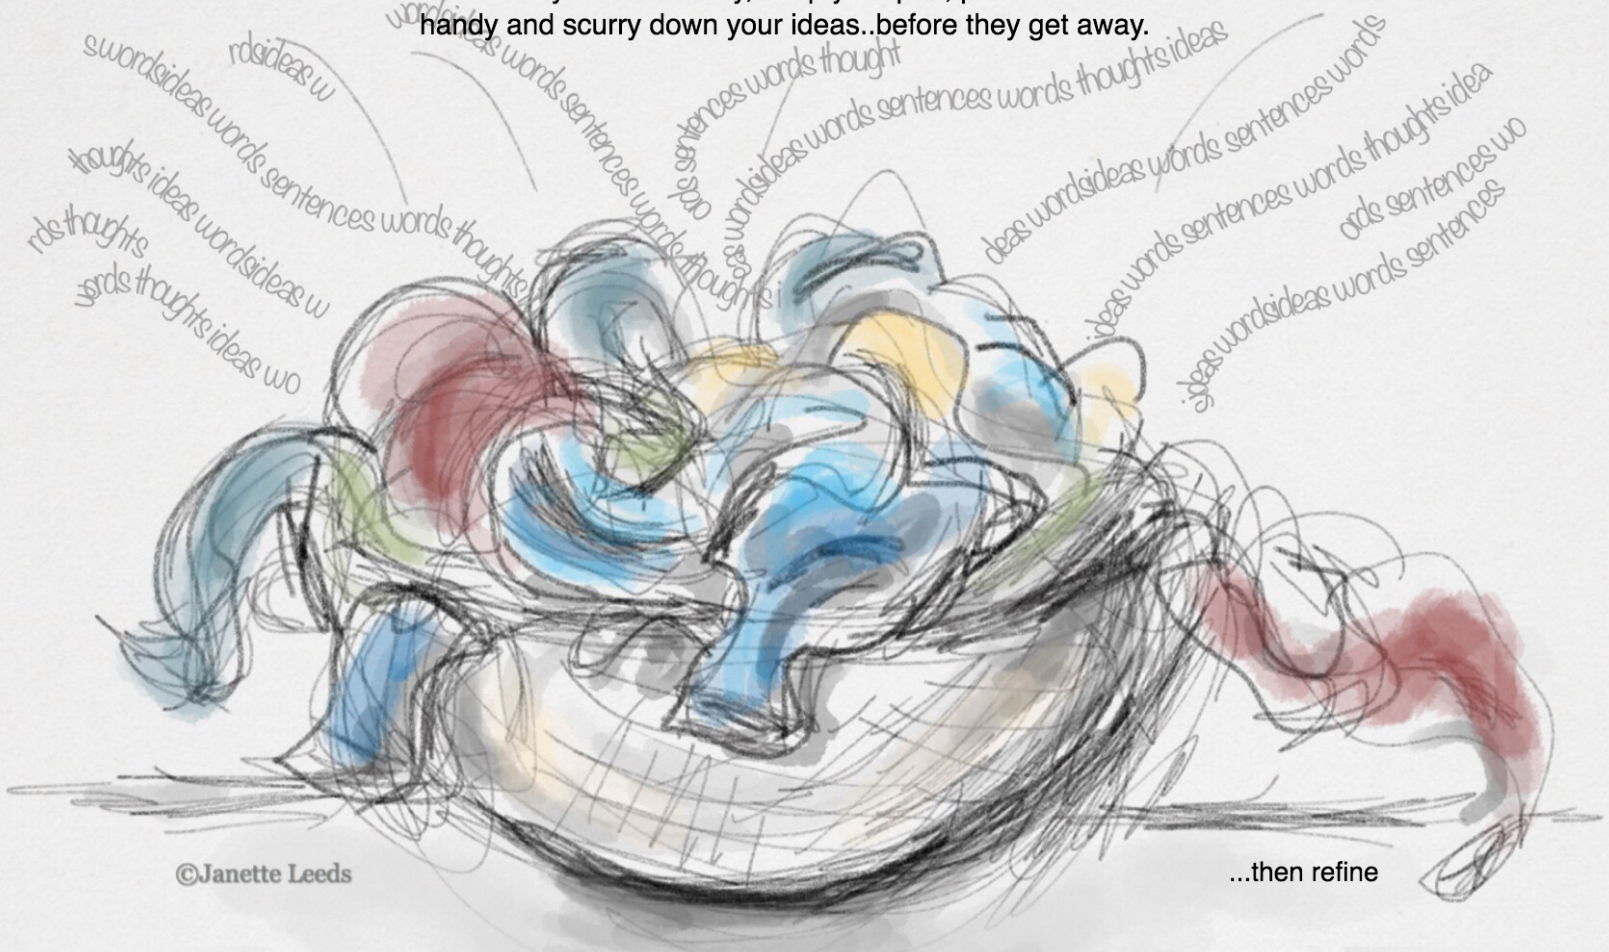
Catch your thinks into ink

Whatever you do in a day, keep your pen, pencil or iPad handy and scurry down your ideas..before they get away.



...then refine

While you collect clothes into the washing basket - collect your thoughts, words, ideas, sentences and perhaps quick sketches..keep a pen and paper handy and if you go out to the clothesline...be ready to pen down any thoughts, as you peg out your, tee shirts, towels and shorts...quick words, quick lines, then refine, then final finishes.

...light, quick lines...

...then final finishes
